Says other implants effective

### FDA official's only defense is Delaney clause

One man responsible for the Wednesday ban of DES from livestock use faced more than 150 cattlemen in Canyon Thursday and found his only defense in the controversial Delaney Clause of the food and drug act.

Dr. R. P. Lehmann, director of nutritional science for the federal Food and Drug Administration in Washington, appeared before cattlemen at a beef seminar sponsored on the West Texas State University campus.

The hotly debated ban of the use of DES, a growth hormone used by cattle feeders, by the FDA will increase prices to American consumers who buy beef, according to cattle raiser association sources.

DES use in cattle feeds was banned at the first of the year and cattlemen resorted to the use of implants to introduce the hormone to stimulate animal growth.

The Wednesday ruling bans the use of implants.

After extensive testing, Dr. Lehmann said, the FDA "had no choice but to proceed to revoke" usage of DES in cattle.

"It's unfortunate that the Delaney clause — well, I don't want to say that — The Delaney Clause says there can't be any residues and the Secretary (of agriculture) saw no reason to reject the materials used in the USDA (U.S. Department of Agriculture) studies," Dr. Lehmann said.

The FDA official said he feels there are suitable alternative hormones which cattle raisers can use to replace DES in their growth programs.

The FDA ruling became effective Friday.

Dr. Lehmann traced the history of the DES controversy and the FDA efforts to determine the dangers involved in using the hormone in cattle which would ultimately be consumed by the American public.

In 1971, he said, considerable

pressure was brought to bear by consumer groups to get the FDA to take action because testing had shown that residues of DES remained in cattle livers after an acceptable period.

The FDA, as a result of the testing, initiated several actions to ensure their preliminary reports.

In June 1972, it was proposed that DES use in cattle be eliminated altogether. The FDA favored the plan to get the problem into the open and to allow public interchange about the Delaney Clause.

DES was not banned at that time, however, and further

studies were undertaken by the USDA.

The interim report presented in December spurred the ban of DES in feeds for cattle because it showed DES traces in cattle at 30 to 60 days after DES use was stopped.

(See FDA, page 6)

Dr. R.P. Lehmann, director of nutritional science for the federal Food and Drug Administration, left, talks with Dr. Charles Smallwood, dean of the West Texas State

University school of agriculture following a beef seminar on campus Thursday. Dr. Lehmann explained the FDA's Wednesday action to ban the use of DES by cattle feeders.

### Researcher eyes cancer-beef link

If you ate beef for dinner last night, you may have contributed to the infection of your own body by cancer.

The assumption that statement is based on, that consumption of beef causes cancer, was eyed at length Thursday afternoon by a Cornell University researcher who told more than 150 cattlemen attending a West Texas State University beef seminar that statement may constitute one of their biggest future challenges.

Dr. Willard Visek, professor of nutrition and comparative metabolism at Cornell, said research in the United States and Britain particularly will have impact on the beef industry.

The research indicates, he said, that ammonia has four characteristics of a cancer-producing substance — and you don't need all four to get cancer — one is enough.

Dr. Visek said there appears to be a direct correlation between cancer of the bowel and protein consumption.

While there has been no real increase in protein consumption in the U.S. since the early 1960s, there has been a great increase in the amount of meat protein consumed by Americans.

The cancer institute of the National Institute for Health Care has also produced similar test results, he said.

The British say animal protein for fat is causing cancer," he said.

The problem is defining how the bacteria in the body work on beef protein in the production of ammonia to cause cancer.

"I think we can do something about it," he said.

The British, he said, are also reporting that breast and pancreas cancer are related to meat intake.

Dr. Visek was just one speaker on the program for the WTSU animal science department sponsored beef seminar Thursday.

Dr. H. H. Cole, professor emeritus of animal science at the University of California, expressed interest in wheat blight.

He also explained some ongoing research into the use of hormones for producing multiple births in cattle.

He noted that it has been proven feasible through research to use hormones to increase multiple births.

(See BEEF, page 6)

### Optimistic picture painted of today's American economy

A picture of the U.S. economy was painted Thursday night in cautiously optimistic terms by two of three speakers at a meeting of the Canyon Political Action Group.

Economics professor Dr. Barry Duman and Canyon banker Don Max Vars were optimistic in their assessment of the state of the nation's economy today and their prediction of the nation's near economic future.

Cattlemen Bob Lindsey, ap

proaching a discussion of the nation's economy from the point of view of the agriculture industry, painted a more bleak picture.

Statistics dominated the presentation by Duman, economics professor at West Texas State University, statistics which indicate business is booming.

"During the second half of 1972, which is the most recent data I can get, the U.S. experienced a 7.5 per cent rate of

growth in the economy," he said. "Unemployment declined to 5 per cent which is still rather high."

The rate of inflation during the last half of 1972 was acceptable. "Output per man hour increased 4.7 per cent in the private non-farm economy," he said.

"And, compensation per man hour increased by 6.5 per cent."

In the Southwest and particularly Texas, gross farm incomes rose to a new high of \$8 billion.

In predicting the picture for the remainder of the year for the local economy, Duman said he feels demands will increase for farm products due to expanded personal incomes, a growing population and a strengthened foreign demand.

He warned, however, that the U.S. is now experiencing the highest inflation rate in 22 years.

Duman does not expect the inflation rate to spiral or continue. "We're doing well," he said.

Vars, citing the wetness which has prevailed in the Panhandle since last fall, predicted farmers can expect to reap the largest wheat crop in history.

In addition, cattle prices are at a high level.

"I think we've got as good a prospect as we've had in many years," he said.

(See ECONOMY, page 6)

### Some mystery jewelry reported stolen in N. M.

Albuquerque police have identified as stolen at least six pieces of the mysterious turquoise and silver jewelry recovered from the wreckage of a light plane which crashed three weeks ago in north Randall County.

Randall County Sheriff Cliff Longest said Thursday he has been told by New Mexico policemen that at least six pieces of the jewelry were reportedly taken in a house burglary in

Albuquerque. More than \$15,000 worth of Indian jewelry was found on the plane, the crash of which took the life of a man now positively identified as Roland Scheid, 37, an Albuquerque television store owner.

Longest said New Mexico officials have also put a hold on the jewelry which is now locked in the sheriff's department safe in Canyon. He said they are expected to come to Canyon for the jewelry and Scheid's personal effects this week.

Bracelets, brooches, pins, necklaces and pounds of loose turquoise stones were found in jewelry boxes behind the pilot's seat in the wreckage of Scheid's light plane.

Longest said autopsy results still pend in the case. The FAA has taken custody of the autopsy and results.

However, he said, fingerprint matchings have been made through federal agencies which positively indicate the man who died in the light plane crash is Scheid.

The FAA has reported that Scheid's plane did not crash due to a malfunction of the plane

itself. Local law officers have speculated Scheid crashed when his plane stalled in a turn.

Scheid was the object of a federal and state search two days before his plane crashed here. A federal law enforcement group raided his Albuquerque home and found loaded rifles and substances believed to be narcotics.

"At the court's request, we

(See LIQUOR, page 6)

### License ok for liquor, judge rules

After three weeks of delay, County Judge Woody Pond Friday afternoon granted a license to an Amarillo man to establish a liquor store at a controversial location in South Amarillo.

Pond approved the license over the protests of residents who for three weeks have fought the licensing. A petition with 150 names had been presented Pond requesting he deny the license to R.C. Hamblin to establish a Judge Roy Bean package store at Wimberly and 34th Streets in Amarillo.

After hearing testimony from the Randall County district attorney's office, Pond approved the license request.

Asst. Dist. Atty. Bob McClenod testified that the multitude of protests entered during four public hearings on the matter have not been accompanied by a required cash bond and therefore the petitions may not be considered by the court in making a decision.

"At the court's request, we

(See LIQUOR, page 6)

### Teresa Engler named valedictorian, Miss Lumry named salutatorian at CHS

Canyon High School has announced the two top academic students for the current senior class with Teresa Engler being named valedictorian and Sharon Lumry salutatorian.

Miss Engler led her class with a four-year grade point average of 97.65. Miss Lumry ended her four-years of high school with an average of 96.54.

Miss Engler is the daughter of

Mr. and Mrs. Paul Engler who recently moved to Sioux City, Iowa. Since her parents moved, Miss Engler has been living in Canyon with Dr. and Mrs. John Reeves.

Miss Lumry is the daughter of Mr. and Mrs. Ray Lumry of 505 Taylor Lane.

Both honor students were informed of their achievements this week by John Sommer,

principal of Canyon High School.

Miss Engler said she planned to enroll at St. John's College at Santa Fe, N.M., next fall. She said she would work toward a general education. In high school, she was a member of the Junior Engineering Technical Society (JETS), and a member of the National Honor Society.

After graduation from college, Miss Engler said, she hopes to enter the field of journalism.

Miss Lumry plans to enroll at Texas Tech next fall but has not decided on a possible future

career. At CHS, she was a member of the band, a twirler, the Future Teachers' Association (FTA) and the National Honor Society.

Both were described by school officials as dedicated and hard-working students.

The students expressed appreciation to the school for providing them with the chance for an education. Said Miss Engler, "The school has been good to me, but rough in spots."

Being "rough in spots" will help during her future education, Miss Engler admitted.

Football Queen Kathy Dees and Basketball King Wayne Pitt were crowned Friday night during the Canyon High School All Sports Banquet sponsored by the Eagle Booster Club. Alisha Nelson, named Basketball Queen, was not present due to being at the regional track meet.

### Gary Gerber cited with Fighting Heart

The cafeteria at Canyon Junior High School was filled Friday night as hundreds of athletes, coaches, parents and supporters gathered for the annual high school All Sports Banquet.

The banquet is sponsored by the Eagles Booster Club as a means of recognizing the athletes, coaches and parents for their effort and support during the school year.

Elton Cox, outgoing president of the Booster Club, presided over the festivities and Lt. Col. John Childs acted as master of ceremonies.

Breaking with tradition, no after-dinner speaker was used this year, but for two hours following the catered meal, the various coaches and teams and parents of players were introduced and applauded.

Teams introduced and honored were baseball, varsity and junior varsity football, boys' and girls' track, basketball and tennis and the boys' golf team.

In basketball, the junior varsity and sophomore teams were also recognized.

Highlight of the presentation portion of the program was in the naming of outstanding and most valuable players, and the crowning of a football queen and basketball king and queen.

Gary Gerber was honored by his selection for the coveted Fighting Heart Award in football. The award is given to the football player who shows "extra desire... extra initiative... will-

ingness to go the extra mile to lead and inspire."

The award was presented by superintendent Jerry Jacobs after head coach Ron Mills had cited the entire team along with several individuals.

Jacobs also presented the Most Valuable Back award to Bill Moore. Sammy Kerbel, who has moved to Arlington since the past football season, was awarded the Most Valuable Line-man plaque, but he was not in attendance.

The players presented Mills with a plaque in appreciation of his efforts during the year.

Wayne Pitt, a junior who spearheaded the boy Eagles basketball team, was named Most Valuable Player in that sport, and Kim Killingsworth was presented the award as Most Valuable Forward in girls' basketball. Alisha Nelson, not in

(See SPORTS, page 6)

### Time to get in time

It's time again to get in time with the nation.

Canyon's time changed from standard time to standard daylight savings time at 2 a.m. this morning.

You should have turned your clock forward an hour last night, or you're an hour late right now.

### Board will talk new school sites

The Canyon School Board, for the first time in the open portion of their meeting, is expected Tuesday night to discuss the possibility of acquiring land for a future school south of Amarillo.

The possibility has been discussed on several occasions in closed executive sessions.

While the board has been thinking of a future high school and junior high school for the northern portion of the district for some time, the matter gained importance with the announcement recently of plans to switch a

part of the Canyon district to the Amarillo Independent School District.

The possibility of moving a part of the Canyon district into the Amarillo district is being advanced by land and housing developers who say they feel sales will be hampered because of students being bussed into Canyon for classes above the elementary level.

It was not made known by school officials whether or not a decision will be reached on the

Our World

# 2 Forms Of Gov't?

By ANN BROWN

"Capitalistic" has become a disparaging word among many peoples. Yet all civilized nations are capitalistic. They are free or slave depending on who owns the capital, the people or the state. Are there really more than two forms of government? A republic is a government limited to acts of justice and law. It is operated by a free people who control the capital and are free to compete with each other. An oligarchy is also capitalistic, but the rulers hold a monopoly. The government controls capital and people, and manipulates them for the benefit of the state (the rulers). Our founding fathers took every precaution they knew how to prevent our nation from degenerating into an oligarchy. They wanted to enable the people to rule the government, and to prevent the government from ruling the people. Capital is essential to human comfort and progress. The crucial question is, who shall own the capital — the in-

dividuals or the state?

The difference between slaves and free men is private property. We are told there is no unemployment in Russia.

There was no unemployment among the slaves in the old South either. It is doubtful, however, if any unemployed black people would like to go back to slavery.

Anyone who uses what he does not earn is stealing whether he does it illegally with a gun, or legally through government taxation or law.

No nation can long survive when more people live off taxes than pay them. An American economist reported that more than 50 percent of the people in England are living off the government.

He also observed that English machinery is about 50 years old, and said owners complained the heavy tax burden left no money available for new machinery.

Justice gives each man the right to protect his life, liberty, and property — individually and collectively. When a man cannot

protect his person or property — whether from robbers or government — he is not free.

Lincoln said a nation could not survive half slave and half free. How long then can a nation survive while only half the people are productive, but are forced to contribute their earnings to support the other half who produce nothing?

England, of course, can always call on Americans for aid. Between 1949 and 1966 we sent them \$3,835,000,000.

Profit has become a dirty word. But it is only from profits that new industries arise to create new jobs so people can pay taxes. Corporations do not pay taxes — only people.

A free market place will take care of itself. But a floor under wages, and a ceiling on prices will eventually squeeze any economy to death.

Our Constitution was designed to protect the individual from the community and the state. As long as the individual is protected, the community and the state will be free.

Any strike, organized boycott, or government price control is a violation of individual rights, and an attempt to gain a monopoly over the capital involved.

Only free enterprise promotes production and competition. And honest competition and peak production always benefit the consumer. When the government restricts competition, the consumer suffers the most damage.

If socialism is so great, why do socialistic nations have to ask "dirty capitalists" to feed them? And what will we do after they have finished raiding our treasury and our graineries?

## Windmill Contest For Opening Of "TEXAS" Here

A contest for artists who can best depict windmills in paintings, drawings, photographs or sculpture is being sponsored by directors of the Panhandle Heritage Foundation, sponsors of the musical-drama "TEXAS."

Windmills will be the theme of the opening night festivities June 21 at the Pioneer Amphitheater in Palo Duro Canyon. Winners of the windmill contest will display their creations on opening night.

A "TEXAS" spokesman said anyone who wishes to enter the contest may write for conditions and instructions to Windmills, Box 268, Canyon, Texas 79015.

Those who enter will be asked to submit slides or photographs of their work for consideration. The prints should be 8 x 10 or less in size.

The judges will study the photographs and ask for the winning ten artists in each class to bring their original work on opening night for the final judging.

# EDITORIALS AND Editorial Features

## City Desk

# A Matter Of Money, And Philosophy

By CARROLL WILSON

Just for the record, City Manager George Louder makes \$14,000 a year.

Louder's salary is not included as such in the recently published city budget for this fiscal year. The budget simply states that his salary is "open."

Louder received a \$1000 pay raise over last year for this fiscal year. He explained that his salary is not listed in the budget because it is not a scheduled item of expenditure.

The paving or upgrading of county roads outside Amarillo and Canyon poses a very real problem for county commissioners and for landowners as well.

A group of women who live along a dirt road in the northwest part of the county are now waging an active campaign to have four miles of their road paved with something—caliche probably.

The standard answer received by this group of women, as well as by almost anyone who comes to commissioners and asks that their road be upgraded is this: "We don't have the money."

The validity of that statement is open to some question. As The News reported earlier this year, the county wound up 1972 with a whopping \$512,254 surplus. In business terms you could call this surplus profit.

To the commissioners' way of thinking, this surplus is not however, net profit. Their reasoning is this: The county ended up with a surplus of \$512,254, but the county owes \$359,000 in warrants and bonds on the new courthouse building. Commissioners want to have enough cash on hand to cover the bonded indebtedness. Therefore, they really realized a net profit of only \$153,254 in 1972.

According to the budget estimate for 1973 operations, a good chunk of that \$153,254 will be used this year to help defray rising costs of doing county business, to cover things like pay raises, insurance raises, etc.

Betty Hodges, county auditor, says, in fact, most of that \$153,000 will go into use in the 1973 budget. Income for 1973 simply does not cover expenses in 1973.

Commissioners have projected that at the end of 1973, they will have a surplus of \$318,103.

Now, the county retires its indebtedness at the rate of about \$43,000 annually. Thus, with a little figuring, it's easy to see that to follow the commissioners' philosophy about covering indebtedness means the 1973 surplus will do just that and precious little else.

The real question, then, is whether the commissioners' philosophy is particularly in step with the times.

It's my frank opinion that conservatism in budgetary prac-

tices is a good thing. But, I wonder whether conservatism to the extent practiced by Randall County commissioners is really practical today.

The county needs many things—and roads head the list. Yet, a sizeable chunk of county money is tied up protecting something we're retiring every year and have every reason we'll be able to retire every year. Is this really sound?

It can be argued, of course, that the annual surplus serves in actuality to supplement the annual county income and thereby hold the line on taxes in times of rising costs. This seems a more valid argument.

So, once again, the question boils down to a simple—do you want to pay more taxes and have good roads or do you want taxes to remain as they are and make it on the roads you have?

Primarily, the problem involved between any particular group of county residents who want their road paved and the commissioners is one of philosophy.

Commissioners contend that residents who want their roads paved should pay half the costs for the paving project. Residents claim that since they are taxpayers they are entitled to the service.

I really don't know what the answer is, but I'll stick my neck out to make a prediction—county commissioners are not going to pave any roads in the very near future if the residents do not participate in the financing. Probably, that's as it should be.

It's my firm belief that the Amarillo School Board has now and has had for some months every intention of trying to annex several sections of the Canyon School District with or without a petition being presented by residents in the area concerned.

That fact is made crystal clear in the statements published in The News concerning the possible annexation.

There is not now a petition on anybody's desk in Canyon or Amarillo calling for the annexation.

Amarillo school officials pooded any idea that a petition was being circulated two months ago when I asked them about it. "It's an annual occurrence," scoffed Supt. Robert Ashworth.

At the same time this public statement, a future planning committee of the Amarillo School Board was looking into the possibility of annexing the property. Amarillo school officials were hardly open about their interests.

Now, it surfaces, months later. But, it'll take more than chicanery, I hope, for the Canyon board to go along with Amarillo's plans.

## Siftin' With Sands

# Kid Gangs Running Rampant

By JIM SANDS

It is quite possible that young hoodlums... otherwise known as juvenile delinquents... are taking over Canyon and the area. But, if they are, you can't see them for the young good guys that have been popping up all over the place lately.

On Friday night, at the Canyon High School All-Sports Banquet sponsored by the Eagle Booster Club, the guys and gals who all year have been trying to tear opponent's heads off were perfect gentlemen and ladies.

As I and other supporters of

school sports sat and watched the dozens of young athletes stand, walk to the rostrum and be recognized, rewarded and applauded, it was really difficult to think that all youngsters are not equally as well behaved, as proud and as polite as those of CHS.

And most of those introduced have apparently been too busy with sports and other school activities to have time for much tomfoolery and mischief.

It was also difficult to realize that this young generation is going to let the country go to pot

and become a den of thieves, murderers and the like. Looks like, from here, that we are in pretty good hands.

Then, on Saturday, at Conner Park and Buffalo Lake, hordes of Boy Scouts were out bright and early cleaning up the areas in an effort to make the recreation facilities a better place for people to visit and for wildlife to live.

Conner Park, by noon Saturday, thanks to Troop 66 of Canyon, looked like it had just been taken to the cleaners.

In all, this weekend, more than 1,000 scouts have been busy at the park, the lake, and at Rita Blanca Lake near Dalhart as their part in Keep America Beautiful Day.

Nice guys don't always finish last.

From a woman on women's lib: As a woman who has always enjoyed being a woman, I wonder how the "Women's Lib" gals will feel when they become so equal that a reporter or columnist decides not to distinguish her apart from men by using the titles Miss or Mrs. before her name when writing about her.

## Signs Removed From School Area

Portable signs which once warned motorists on 23rd Street to slow down and watch for children have been removed, according to Al Stewart, police chief.

Stewart said the signs, which were placed in the middle of 23rd Street before and after school between 10th and 11th avenues, have been removed because their presence violated the law.

"It's not that I don't want them there," he said. "It's just that they're illegal."

## Sports Fete Is May 8 For WTSU

West Texas University's All-Sports Banquet has been scheduled for 7:30 p.m. Tuesday, May 8, in the East Dining Hall on West Texas State's campus.

Athletes in all West Texas State varsity sports will be honored that evening. Two awards will be presented in both football and basketball and one each will be given in tennis, track and golf.

The Kleinschmidt Award will be presented to the most valuable player in both football and basketball. Those awards have been given since 1939 by J. Wesley Kleinschmidt.

The President's Award will be given in football and the Fighting Heart Award will be presented in basketball. Outstanding athletes in track, tennis and golf will be honored and one award will be presented to the athlete with the highest scholastic average.

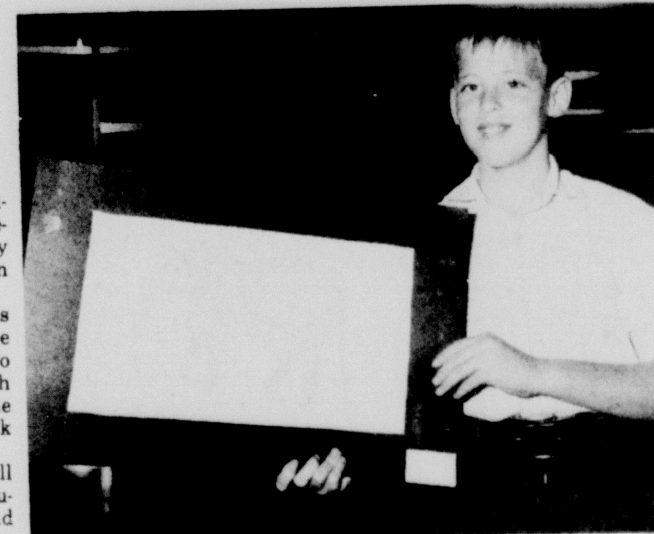

Kenneth Wyatt, well-known western artist and humorist, will be the guest speaker. In addition to being an artist, Wyatt is a Methodist minister.

Dale Corbin, junior tennis player from Wichita Falls, will serve as master of ceremonies.

## CHS Publications Take Press Prizes

Canyon High School's newspaper and yearbook won first place ratings in their class Saturday at the 39th annual Panhandle High School Press Association convention on the West Texas State University campus. The Eagles Tale, CHS newspaper, took first place in Class B printed paper, and Soaring Wings, CHS yearbook, took first in Class B yearbook. About 350 high school journalists from throughout the Panhandle attended the convention here. They represented 27 schools.

Going somewhere? Or been? The Canyon News wants to know about it—an so do its readers.

Daniel Layman, 11, a student in Mrs. Marilyn Warren's class at Rex Reeves Elementary School, displays an elephant he created in art class. More than 100 art works by Gene Howe and Rex Reeves students are on display this week on the walls and on tables in the foyer of the Randall County Courthouse in Canyon.

## The Village Shoppe

901-23rd-OPEN 9:00 a.m. till 6:00p.m.

Come See our NEW Graduation and Mother's Day cards, with a selection of GIFTS for that special occasion!

## Phoenix Club Fete Tues.

The 7th Annual Faculty Excellence Award will be presented a West Texas State University faculty member Tuesday night during the Phoenix Club banquet.

A \$1000 award goes along with the Faculty Excellence honor which will be presented by Wayne Rankin, president of the West Texas Ex-Students, Inc.

Last year's recipient was Dr. Emmitt Smith.

In addition, the university's student Man of the Year will also be named and recognized at the banquet, which begins at 7:30 p.m. in the university cafeteria.

A reception begins the Tuesday activities at 6:30 p.m. in the cafeteria.

Keynote speaker will be Peter McLeod, pastor of the First Baptist Church in Waco.

A special award will be presented during the banquet to Wayne Thomas of Hereford, who is currently on the Coordinating Board, Texas College and University System. Thomas has been chairman of the coordinating board.

Among those expected to attend the banquet are university regents and other officials. The Phoenix Club is an

organization of ex-students and friends of WTSU, who have contributed to the ex-students association.

## Happy To Eye Fed Money

The City of Happy is expected soon to decide what it will do with the \$5,191 received in federal revenue sharing money, a city spokesman said this week.

Mrs. Roman Weavers, city clerk, said the city's first check, to cover the last quarter in 1972, was in the amount of \$4,014. The most recent check, for the first quarter of this year, was only \$1,177, said Mrs. Weavers.

The city commission has discussed the possibility of using some of the funds to improve the city dump grounds, said Mrs. Weavers. "But nothing is definite."

The federal government requires that each local government report what the money has been, or will be, used for. That report is due in June, said Mrs. Weavers.

## The Canyon News

The Canyon News, founded in 1896, is an independent newspaper dedicated to the best interest of the community, state and nation.

A subscription is \$8.40 a year in Randall and surrounding counties and \$10.50 a year elsewhere.

The Canyon News is published Sunday and Thursday at its offices, 1500 5th Avenue, Canyon, Texas. Second class postage is paid in Canyon. Zip Code 79015.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of this newspaper will be corrected upon being brought to the attention of the editor.

The Canyon News is a member of the Panhandle Press Association, Texas Press Association and National Editorial Association.

## New 4-H Club At Amarillo School

By MRS. JULIA WHEELER  
4-H Program Assistant

A NEW 4-H Club has organized at the Amarillo Christian School. Helen Shollenbarger, 12-year-old daughter of Mr. and Mrs. Kenneth Shollenbarger was elected president. Vice-president is Eric Eddy, 10-year-old son of Mrs. Katherine Eddy. Other members present were Todd Shollenbarger, Janet Jones and Tobi Carver. Parents attending the meeting were Mrs. Leroy Carver, Mrs. Harold Jones, Mrs. Shollenbarger and Mrs. Eddy. The next meeting will be Monday, May 14 at 3:30 p.m. at the Amarillo Christian School. A secretary and council delegate will be elected and a name selected for the club.

NINE GIRLS FROM the High Plains 4-H Club received certificates of completion for their Foods Project. The girls were Becky Adams, Carolyn Spears, Barbara Beery, Teena Beery, Sharon Daugherty, Nay Pace, Sandi Nelson, Kaylene

Roby and Jackie Adams. Mrs. Becky Hall, County Extension Agent, presented the certificates. Special guest for the award party was Mrs. Shelby Weatherford, houseparent at the High Plains Children's Home.

TERRY JO REYNOLDS, public relations chairman for the District 14-H Council attended a luncheon Wednesday, April 25 to launch a major fund raising drive for a 4-H Center on Lake Brownwood. Miss Reynolds discussed what the center will mean to the 4-H youth. Mrs. Bernard Wilhelm from Umbarger 4-H Club represented Randall County. Serving with Mrs. Wilhelm on the State 4-H Center Fund Drive are Mr. Darroll Adams from Umbarger and Mrs. Jones Hales from the Randall 4-H Club.

NEW PROJECTS HAVE been arranged in Craft and Leather at Mayco Center. The crafts project will be May 8 and 9 and the leather project will be May 15, 16 and 17.

## Gerdson Service Held Saturday

Funeral services for Herbert August Gerdson, 61, a lifetime resident of Randall County and the Canyon area, were held Saturday afternoon at LaGrone Funeral Chapel.

Mr. Gerdson was dead on arrival at Neblett Memorial Hospital Thursday afternoon. Burial was in St. Paul Lutheran Cemetery in Canyon under direction of LaGrone.

Officiating were Rev. R.G. Friedrichs, pastor of Trinity Lutheran Church of Amarillo, and Rev. David Melber, pastor of St. Paul Lutheran Church of Canyon.

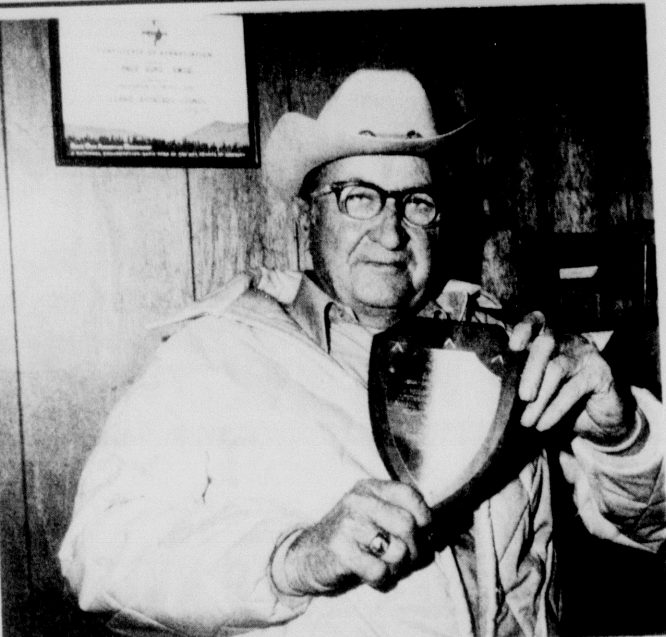

Born in Randall County Sept. 30, 1911, Mr. Gerdson married Alice Kuehn on July 26, 1942 in Amarillo. He was a veteran of World War II and a member of St. Paul Lutheran Church of Canyon.

Mr. Gerdson was a farmer and stockman with his home and headquarters east of Canyon.

Active pallbearers were Weldon Tueck, A.V. Read, Harold Record, Eric Rogge, Ross Elliott and Raymond Tueck. Honorary pallbearers were D.C. Banks, Dr. J.E. Low, John Haire, R.E. White, Fred Rathjen and Henry Meyer.

Survivors include the wife of the home; a son, Hank, of the home; two daughters, Phyllis Ann of Hereford, and Rosemary of Dallas, and a brother, Fred, of Canyon.

The family asked that all memorials be to favorite charities.

Marshall Rockwell, chairman of the Palo Duro Soil and Water Conservation District, displays a plaque which has been presented John Burkett, an SCS employee 30 years. Burkett retires May 17.

## Thinclads Sign With Buffaloes

A pair of standout track athletes have signed letters of intent with West Texas State University.

They are Steve Nieman, Hereford quarter-miler, and Mike Walker, New Mexico Junior College vaulter.

The 5-11, 150-pound Nieman placed third in the District 4-A AAAA 440-yard dash with a 49.7 clocking.

As was the case of most track teams in the Panhandle area this spring, Hereford's Whitefaces were slowed because of the unusually bad weather which lasted most of the regular season. Nieman's top time on the mile relay this spring was 49.8.

Nieman, who carried a 90 grade average and was a member of the National Honor Society, was a starting split end on the Hereford football team this past fall and also saw some starting duties as a secondary player on defense. He caught 8 passes for one touchdown and intercepted two passes.

He is the son of Mr. and Mrs. O. G. Nieman. His father is the owner-publisher of the Hereford Brand.

Walker is still competing for New Mexico Junior College this spring, but his top vault of the season is 15-0. He competed in the conference meet this weekend and will vault May 24-26 in Houston at the National Junior College Track Meet.

The 5-11, 170-pounder is from Seminole, Tex. He vaulted 13-3 in high school and attended South Plains Junior College in Levelland one year before transferring to New Mexico Junior College. He red-shirted his second year and has been competing this year.

Walker vaulted 14-9 to place second in the National Junior College Indoor Meet this year in Columbia, Mo. He has cleared 15-0 twice this spring, and coach Ross Black expects him to top that before the season is completed.

Walker carries a 3.7 grade average on a 4-point system at New Mexico. This past week he was named the Outstanding Man in the field of physical education at New Mexico Junior College. He will be able to compete for two years at West Texas State.

## New Award To Be Given By Scouts

Members of Troop 31 will meet at 7 p.m. Monday in the First Methodist Church for a banquet and to present a newly-created special award.

Shug Bond, scoutmaster, said the troop members will present a new Oscar Hinger Memorial Award during the banquet.

The award will go annually to an individual or group of persons who have strongly supported scouting, he said.

The award is named for the late Oscar Hinger, who had been principal many years of Rex Reeves Elementary School and an active supporter of scouting.

About 41 scouts and their parents are expected to attend the banquet. The Rev. Leon Hill of Amarillo, will be speaker.

Among guests attending the banquet will be the family of the late Mr. Hinger.

## Piano Students Perform Today

The elementary piano students of Mrs. Mack Bush will present a recital this afternoon at 3 p.m. at First United Methodist Church. The public is invited to attend.

The students who will perform are Stacie Sanders, Allison Pride, Stephanie Vise, Niki Newman, Julie Harrison, Alese Williams, Stephanie Raymond, Kristi Sheffy, Shelly Swearingen, Tommi Head, Reba Griffin, and Ronnie Hay.

Also playing are Kim Brazile, Michele Pride, Luan Henson, Jana Cranmer, Mayla Vars, Sherry Osborne, Elaina Vise, Amy Boston, Susan O'Connor, Bonnie Barrett, Tracy McAlpin, Vicki Hathaway, Rhonda Riley, Greg Smith, and Jackie Skarke.

## School . . .

(Continued from Page 1)

purchase of land during the Tuesday night meeting, but some form of announcement is expected within the next several days.

The board is also expected to hear a preliminary report on the self-evaluation study now being made within the school system. Members of the faculty and administration have met in committee on several occasions during recent months to work on the self-evaluation study.

Another item to be discussed further will be the possibility of allowing a \$3,000 school tax deduction for persons 65 years of age or older. That matter was discussed two weeks ago and it was decided to postpone action until it could be investigated further.

Board members are also expected to discuss a School Board Workshop to be held at West Texas State University on Wednesday, and to set a date for a work session regarding the 1973-74 school year budget.

## Economy. . .

(Continued from Page 1)

years here," he said. "Realistically, it can turn bad overnight, but right now we have the opportunity to have a good wheat crop."

An indicator of the health of the economy, Vars said, is the increase in banking deposits in the state including Canyon. Each deposit reporting period has reflected an increase in bank deposits over the corresponding period in years past.

Lindsey cited figures which indicate the U.S. gross national product ranks sixth in the world in per cent of increase.

"We as a nation are more concerned with services than with actual production," Lindsey said. "We have more people on county payrolls, more teachers, more doctors, more lawyers, but they don't produce. We've got to have something to sell."

Lindsey said the small segment of the country population involved in farming and ranching is increasingly being asked to carry the load for the entire economy.

"There's not a nation in the world that has farmers who can produce like American farmers can produce," he said. "Four farmers here can produce enough food for 100 people."

If the American farmer is to remain a vital part of the U.S. economic picture, "we have to have some protection," he said.

"We shouldn't have to take the risk entirely on our own. Every taxpayer should help carry the load to ensure we don't break the backbone of the country."

## FDA . . .

(Continued from Page 1)

On April 16, the FDA presented its final report and it noted that residues of DES were found in cattle up to 120 days after use of DES had been halted in their feed.

To ensure accuracy, the FDA had the report rechecked and confirmed.

Dr. Lehmann said the technique used to determine the trace of residue found in the slaughtered animals at the 120-day level involved highly sensitive instruments.

When questioned about why such exacting testing was accomplished, Dr. Lehmann said the Secretary felt the spirit of the Delaney Clause requires that the most modern means available be used to detect trace material.

It has been reported by researchers that DES can cause cancer in animals.

The controversial Delaney Clause says no drug can be marketed which shows any propensity for causing cancer.

## Postal . . .

(Continued from Page 1)

ing postal employees.

Moreland said postal customers visiting the Canyon post office Monday will be given free souvenir envelopes, printed with special cachets, as long as the limited supply lasts.

Customers may also purchase first day covers, featuring the 10 stamps, for the 80-cent face value of the stamps.

"As the Postmaster General said in his message, we need the informed understanding, cooperation and support of every citizen," Moreland said. "I think that we have this to an exceptional degree in Canyon, and part of the purpose of Postal Week will be to show our appreciation."

## Eagles Drop Pair To Red Hot Skins

The Canyon High School baseball Eagles dropped a twin bill to the Liberal, Kansas Redskins Friday afternoon at home by scores of 11-0 and 10-6.

The first game was halted after five innings due to the one-sided score but the Canyon nine came back in the second tilt to make a respectable showing against the defending state champion Redskins.

Highlight of that second game was in the sixth inning when Gary Gerber blasted a bases loaded homerun. It was the fourth roundtripper of the year for Gerber and it came after Ronnie Hicks and Wayne Pitt had walked and Ed Lair had singled.

Liberal, with a full squad of seniors, came to town with an impressive 10-1 record and again enroute to Kansas state playoffs. The Redskins had taken Dumas in a doubleheader on Tuesday.

Coach Bob Sloan of the Eagles credited Liberal with having an impressive and well rounded team. "They are by far the best team we have played all year," the coach said.

The next Eagle outing will be at Levelland on Tuesday.

## Liquor . . .

(Continued from Page 1)

have gone into the law thoroughly and its our understanding that a petition of some sort was circulated in the area, but it had no bond attached so the court cannot consider it," McClendon said. "There's no reason our office can determine why the license should not be issued."

McClendon also reminded Pond that the proposed liquor store location will be just across the street from a Toot 'n Totum which now sells wine and beer.

A representative of the Texas Alcoholic Beverage Commission told Pond he had no reason to believe the license should not be issued.

Although five persons who live in the area surrounding the proposed liquor store location attended Friday's hearing, none testified or spoke against the request.

In past hearings, residents have been vocal in their plea that the judge deny the liquor store request.

The petition, given Judge Pond two weeks ago, says the liquor store would degrade the neighborhood.

## Beef . . .

(Continued from Page 1)

"It does have great possibilities and I hope in a few years it can be a feasible operation," he said.

Dr. Glen Lofgren, professor of animal science at the University of California, spoke to the cattlemen on research now being conducted on feed rations.

All three men were panelists Friday at a Texas Beef Conference held in Amarillo.

## Sports . . .

(Continued from Page 1)

attendance due to the regional track meet, was named Most Valuable Guard for the girl's team.

David Fite was named Outstanding Tennis Player of the Year for boys, and Pattie Lovelady was rewarded in a similar manner for play among girl tennis players.

Assistant principal Willie McAlpin presented Steve Williams a plaque as Most Valuable in boys' track. There was no award for outstanding girl in track.

Kathy Dees was crowned Football Queen, and Wayne Pitt was named Basketball King. Alisha Nelson, not in attendance, was selected as Basketball Queen.

The cheerleaders for the past year, along with their parents, were also introduced.

Throughout the night, the various speakers, including the athletes, kept the air filled with wit and humor. "It's a brother-in-law night and we're really patting each other on the back," said Col. Childs at one point.

With few exceptions, the athletes rewarded their team coaches with either praise, or praise and gifts or plaques.

Special appreciation was advanced for the support given by the parents and members of the Eagle Booster Club.

New Booster Club officers for the coming year were announced and introduced by Cox. They are Roy Forehand, president; Dr. Bill Cooper, vice president; and Mrs. Marilyn Counsellor, secretary and treasurer.

Following the banquet, a dance was held at the Bull Barn with music provided by the Blackwater Draw.

ning in the East Dining Hall at WTSU. The Japanese artist was honored in connection with his presentation of three more silk screen paintings to repose at the museum.

## Standout Netter Signs With WTSU

Dana Caledonia, one of the standout high school tennis players from southern California, has signed a letter of intent to attend West Texas State University.

The 18-year-old Caledonia is unbeaten in high school play for two years. His LaJolla, Calif., High School team has won the California Interscholastic Federation championship for the past two years.

Caledonia recently reached the finals of singles and doubles in the large Santa Barbara Tournament. He and his partner Dennis Bond defeated the first seeded team of Herbert Benham and Robert Jordan.

The 6-1, 170-pounder plans to be a pre-dental major at West Texas State. He carried a 3.2 grade average in high school.

"Dana is an outstanding college prospect and one of the finer citizens I've ever coached," said LaJolla tennis coach Russell Lanthorne.

Caledonia received scholarship offers from six other major schools, including Oregon and the University of New Mexico. He plans to play in several tournaments this summer in California before enrolling in West Texas in the fall. He is the second standout tennis recruit signed by Buffalo coach David Kent. Steve Johnson of Reno, Nev., recently signed with Kent.

Four representatives from the Randall County Farm Bureau attended the public hearing Wednesday in Amarillo for the Constitution Revision Commission. They were Crister Crain, Lewis Tuck, Louise Tompkins and Joe Turpin, president of the local chapter.

## 26 Recruited For Buffaloes

The West Texas State University football coaching staff has recruited 26 high school players this spring to come to WTSU next fall to don the maroon and white.

One recruit is from Canyon and one is from Amarillo. The remainder are primarily from Texas, New Mexico and Oklahoma.

Six of the new Buffaloes will play in high school all-star games this summer. They are Tony Edwards, a 220-pound defensive tackle from Tulsa; George

Lewis, a 255-pound defensive tackle from Gainesville; Mike McVay, a 200-pound quarterback from Beaver, Okla.; Jeff Nunn, a 200-pound fullback from Tucumcari, N.M.; Paul Sturdivant, a 205-pound fullback from Oklahoma City; and Gary Trosper, a 205-pound center from Dumas.

The lone Canyon high schooler recruited by the Buffs is Roy Markham, a 200-pound offensive tackle. Lone Amarillo high schooler recruited is Keith Oxley, a 205-pound tight end from Amarillo High.

## To Make Hearts Purer, Is Artist-Prince's Goal

"There is a sophistication in the paintings of Tachibana which, if we will only take time to contemplate them, are good for our own maturing and wisdom. That is the greatest contribution that any human being can make to other humans," said President James Cornette of West Texas State University Thursday evening.

His words were directed to guests gathered on campus for a celebration marking the exchange of three more wall screen paintings between donor Tenkei Tachibana of Japan and "the people of the United States and especially of the State of Texas."

Dr. Cornette spoke following a hearty steak banquet in the East Dining Hall, moments before the assembly broke up to move on to the north art gallery of the Panhandle Plains Museum for a viewing of the screens themselves.

As guests earlier filed into the dining hall, the artist-prince, his wife, daughter, and son greeted them warmly. The women, delicate and flowerlike in their kimonos, appeared to have stepped out of ivory Japanese prints. Two handsome young countrymen in tuxedos moved energetically about, snapping pictures and translating a sentence here and there.

Greying artist Tachibana, arrayed also in traditional costume, conveyed more the idea of a benign and athletic deity come to earth. Brown eyes glowing with pleasure as he recognized an acquaintance, his handshakes were vigorous and his smiles real. He sprang impulsively at tall Dr. John Green, dean of the School of Fine Arts, with an affectionate bear hug.

The man seemed not only capable of executing the heroic-sized paintings (8 1/2 by 40 feet each), but capable as well of nobly conceiving them to "carry beauty alive into human hearts and thus make those hearts purer."

Those were his words. Tachibana and his company had arrived only that morning

by air in Amarillo to be greeted by Dr. and Mrs. Cornette, named as trustees for the disposal of his collection of screen paintings. Coming to know the Cornettes several years ago in Japan, he had presented the first six screens in the collection in October 1971.

One of the screens, a set entitled "The Storm God" and "The Wind God" had been selected to go to the Freer Galleries of the Smithsonian Institute in Washington, D.C. last summer. Dr. Sterne's acceptance of the work has been regarded by some as a stamp of approval on their value as art treasures.

For, after all, what is art? Merely those creations of man considered by experts as beautiful and expressive. It's a tenuous thing.

At the head table Thursday night were representatives of the Governor of the State of Texas, the Panhandle Plains Historical Society, and the university Board of Regents. The entire assembly was made up of other members of the historical society, the museum staff, officials of former officials of civic groups, and Panhandle art collectors.

Sen. Grady Hazelwood brought a letter expressing Gov. Dolph Briscoe's appreciation: "Speaking officially as the Governor of the State of Texas for all people in the State, I should like to express to you our deepest gratitude for the many actual things which you have done toward developing good relations between the people of your own country of Japan and the people of our country, the

United States of America, and particularly of the State of Texas."

Other new officers are Ronald Skelton of Clowe & Cowan, Inc., of Amarillo, vice president, and Richard J. Kohnle of Southwestern Portland Cement Co. of Amarillo, secretary-treasurer.

Each guest received as a favor a copy of the legal document transferring the Tachibana screens to citizens of the U.S. and Texas. And at the banquet's conclusion a 30-foot scroll in characters brushed by the artist, recording his message of presentation to Dr. Sterne of the Smithsonian, was unrolled for display.

When the scene later switched to the museum's north art gallery, perhaps some of the guests thought back on Dr. Cornette's remark: "There is a timelessness about all things human and there is a universality about all great art and the way they speak to one another."

Some might have seen in the Japanese artist's feeling for space the same feeling a West Texan has as he surveys the vast blue dome of the plains area.

Or others who follow that distinguished gathering may link Tachibana's sense of the monumental structure of earth with a look up the Palo Duro Canyon wall.

Is one lonely bird hovering over a mammoth ocean wave much different from a calf strayed out on the prairie?

The public will have a chance to discover for themselves the answer to such baffling questions and meet Tenkei Tachibana at a public reception this afternoon from 2-4 p.m. at the Panhandle Plains Historical Museum.

The artist and his family will leave Canyon shortly to attend the 50th Anniversary celebration of the Freer Galleries in Washington, D.C. After a month of travel in Europe, they will return to Japan.

Mr. and Mrs. Walter Burkart

## Beard-Burkart Vows Exchanged In Missouri

Miss Fonda Lynne Beard of Belton, Mo., and Walter Herbert Burkart, formerly of Canyon, recently exchanged wedding

vows in a ceremony taking place in the First Baptist Church of Belton. The Rev. Monte Peterson officiated.

The bride is the daughter of Mr. and Mrs. Harold Beard of Belton, and the groom is the son of Mr. and Mrs. Walter Burkart of West Ford, Ark.

The candlelighted altar was decorated with white pompom mums and pink and burgundy carnations. Traditional wedding

music was played and sung during the nuptial ceremony.

Attending the bride as maid of honor was Miss Gayle Allen of Belton. Bridesmaids were Mrs. Judy Lowry of Kansas City, and Miss Sherry Bryant of Kansas City. They wore floor-length empire gowns of American beauty rose crepe and carried nosegays of pink carnations. Miss Wendy Jennings of Appleton City, Mo., served as flower girl.

Andy Beard of Belton, brother of the bride, was best man. Groomsmen were Jim Allen of Kansas City and Bob Bryant of Kansas City. Ushers were Joseph Bradley, Jr. of Kansas City and Russ Feedback, Belton.

The bride chose an empire floor length gown of sateu peau with venice lace overlay on a square-necked bodice. The camelot sleeves were capped and cuffed in venice lace, and her train-length veil was edged with matching lace. She carried a cascade of red roses and pink carnations.

Following the ceremony a reception was held at the church. After a wedding trip to Orlando, Fla., the couple is residing at Atlantic Beach, Fla., where the groom is stationed at Mayport Naval Station.

The bridegroom is a 1970 graduate of Canyon High School. His parents formerly resided here, and he is the brother of Mrs. John Thomas Shipley of Canyon.

## Miss Anderson Is Betrothed

Mr. and Mrs. Boice Martin Anderson, Sr., of Whitharal have announced the betrothal and forthcoming marriage of their daughter, Brantley Veva, to Harley Greg Cornelson of Spearman.

The prospective bridegroom is the son of Mr. and Mrs. Hank Cornelson of Perryton.

Vows will be repeated in a ceremony planned for 3 p.m., June 24, in the Joseph A. Hill Memorial Chapel on the campus

of West Texas State University. The bride-elect is a 1970 graduate of Whitharal High School and a 1972 graduate of South Plains College. She is now a junior elementary education major at WTSU.

Her fiancé is a 1966 graduate of Perryton High School, and graduated from West Texas State University in 1971. He is presently employed as assistant manager of the Ideal Food Store in Spearman.

## Miss Aragon Is Engaged

Mr. and Mrs. Fred Aragon, former residents of Canyon, now of Ingleside, Texas, have announced the engagement and approaching marriage of their daughter, Rachel Ann, to Alfredo Pena, son of Mr. and Mrs. Inez Pena, also of Ingleside.

The wedding is being planned for June 9 at St. Mary's Star of the Sea Catholic Church in Aransas Pass.

Miss Aragon attends Ingleside High School. Her fiancé, a graduate of Ingleside High School, is now stationed at Bergstrom Air Force Base in Austin.

The bride-elect is the

granddaughter of Mr. and Mrs. A. M. Hernandez, and a great-granddaughter of Mrs. Maria Hernandez, all of Canyon.

## Study Club Hears Dr. Miller Speak

A varied program with Dr. Jerry Miller as guest speaker occupied the evening for members of Canyon Study Club meeting Thursday evening in the home of Mrs. Ken Kendrick, 718 Foster Lane.

Dr. Miller, associate professor of finance at West Texas State University, spoke on "The Stock Market Perspective."

Also as part of the program, Julie Brantley, Canyon High School art student, presented her portfolio of art which had been entered in the national Scholastic contest.

Mrs. Treasure Brasher auctioned off items made by members, with all proceeds going to the Kidney Foundation.

Plans were made for a tea on May 6 honoring the "Secret Grandmothers" of some of the members. Secret granddaughters will be revealed at that time.

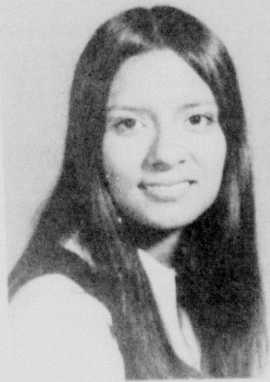

A special gift of appreciation was presented to the outgoing president, Mrs. Suzy Lundy, by Mrs. Susan Dolle.

In other business, members voted to help Sue Hite Club purchase back issues of "Horizon" magazine for the Canyon City Library. Mrs. Patricia Magness and Mrs. Ella Brown were appointed delegates to the State convention May 7-10. The club also decided to sponsor a junior high school student to Camp Wigwag.

The Lucius Penick Auxiliary of V.F.W. Post 5681 elected new officers at a meeting held April 2 in Canyon.

Mrs. Hazel Cumby of Happy will head the organization as its president next year. Other women taking office are Mrs. Sue Griffin, senior vice-president; Mrs. Nell Mainville, junior vice-president; Mrs. JoAnn Ellinwood, treasurer; Mrs. Mary Stephens, chaplain; Mrs. Beatrice Heathington, conductress; and Mrs. Ethel Halford, guard. Elected as trustees were Mrs. Jean Brazil, one year; Mrs. Kathleen Flowers of Amarillo, two years; and Mrs. Lydice Gregory, three years.

Anyone interested in joining the auxiliary is asked to call the Post at 655-8811 for details.

Miss Rachel Ann Aragon

## VFW Auxiliary Elects Officers

The Lucius Penick Auxiliary of V.F.W. Post 5681 elected new officers at a meeting held April 2 in Canyon.

Mrs. Hazel Cumby of Happy will head the organization as its president next year. Other women taking office are Mrs. Sue Griffin, senior vice-president; Mrs. Nell Mainville, junior vice-president; Mrs. JoAnn Ellinwood, treasurer; Mrs. Mary Stephens, chaplain; Mrs. Beatrice Heathington, conductress; and Mrs. Ethel Halford, guard. Elected as trustees were Mrs. Jean Brazil, one year; Mrs. Kathleen Flowers of Amarillo, two years; and Mrs. Lydice Gregory, three years.

Anyone interested in joining the auxiliary is asked to call the Post at 655-8811 for details.

## Witnesses Plan Meeting In Pampa

Marvin Zimmerman, minister of the local congregation of Jehovah's Witnesses reported an organizational meeting in Pampa over the weekend in connection with their upcoming circuit assembly, May 5 and 6. A group of Witness ministers from the area of Western Oklahoma and the Texas Panhandle were present at the Sunday evening session where Robert A. McCarroll, circuit overseer, discussed plans for the convention to be held in the M.K. Brown Auditorium and Civic Center in Pampa.

McCarroll outlined plans for setting up 20 service departments that are customarily used at conventions of Jehovah's Wit-

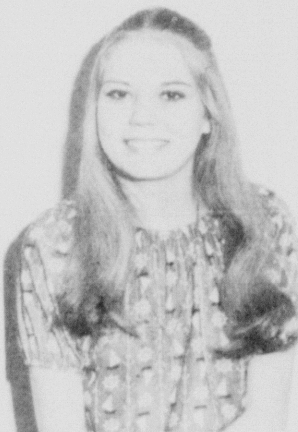

nesses to facilitate smooth operation and provide essential needs for the delegates.

The local congregation, together with delegates from 22 other congregations in Texas Circuit #10, will attend the convention. It is expected that 1400 will be present to hear the public discourse Sunday, May 6, delivered by John P. Sutherland, district overseer and traveling representative of the Watchtower Society of New York.

Zimmerman serves on the convention administrative body and is responsible for providing first aid for the delegates.

## Betrothal Announced

Mr. and Mrs. Billy W. Setser of Amarillo have announced the engagement of their daughter, Deborah Gail, to Ray Zook of Amarillo, son of Mr. and Mrs. Moses J. Zook, Belleville, Pa.

Miss Deborah Gail Setser

The couple have plans for a summer wedding.

The bride-elect attended Caprock High School. Her fiancé is employed with Bridges Tree Service in Canyon.

## WTSU Bands In Concert

The final home concert of the year for the West Texas State University symphonic and concert bands will be at 3 p.m. Sunday in the Fine Arts Theatre on campus.

Admission is free. Under the direction of Dr. Gary T. Garner, director of bands, the symphonic band will perform seven numbers featuring several soloists.

The Concert band will be directed by Donald Boyd.

The symphonic band will perform Prelude to Act II of "Saul and David" by Nielsen; A Northern Legend by Alfred Reed; Concerto for Oboe by Gordon Jacob; Prayers in Space by William Latham; Children's March by Percy Grainger; Diptych for

Brass Quintet and Concert Band by Gunther Schuller; and The Incredible Flutist by Walter Piston.

In Concerto for Oboe, Miss Joy McCathern, a junior music major from Hereford, will be featured. A member of the Amarillo Symphony, she was an All-State Band member in high school.

The concert band will perform March Winds by Clare Grundman, Incidental Suite by Claude Smith; The Greenbriars of Wexley by Sammy Nestico; Triptych by Tommy Fry; and Royal Fireworks Music by Handel.

Featured with the concert band will be student conductors Dewey Wheat, Kirk Woolery, Tom Chapin, Steve Meyer and Steve Melton.

Mrs. Paul Anthony Detten nee Evelyn Mae Friemel

## Miss Friemel, Detten United In Marriage

Miss Evelyn Mae Friemel became the bride of Paul Anthony Detten in a ceremony taking place Friday afternoon, April 27, in St. Mary's Catholic Church at Umbarger. The Rev. Kenneth V. Keller read the marriage vows.

The bride is the daughter of Mr. and Mrs. Richard E. Friemel, of Umbarger.

The bridegroom is the son of Mr. Leo Detten of Panhandle and the late Mrs. Leo Detten.

Traditional wedding music was played by organist Susan Lindemann, a friend of the bride.

Vows were spoken before a main altar decorated with Easter lilies and side altars adorned with arrangements of blue carnations and baby's breath.

Mrs. Frank Bezner of Bushland, Texas, was matron of honor. Attendants were Miss Mary Keyes of Hereford, Miss Mary Hushman of Hereford,

Miss Valerie Friemel, sister of the bride, of Umbarger, and Miss Celine Haschke of Umbarger. They wore floor-length gowns of light blue flocked sheer over matching taffeta, designed with high waists, gathered skirts and short puffed sleeves. Satin ribbon marked the waistlines and satin bows formed their headpieces. They carried small nosegays of light blue and white miniature carnations and baby's breath.

The best man was Leslie Rohan of Houston. Groomsmen were Vernon Labus, Panhandle, James Reining, Panhandle, James Looten, Amarillo, and Fred Britten, Groom. Serving as ushers were Gary Neusch and Mike Zamora.

The bride, given in marriage by her father, wore a formal wedding gown of white nylon organza and re-embroidered

Venice lace over bridal taffeta. It was styled with high neckline, empire waist, long puffed sleeves, and semi A-line skirt with full back ending in a sweeping chapel train. Inserts of the re-embroidered Venice lace, enhanced with tiny satin bows complimented the neckline, bodice, sleeves and skirt of the gown. Her veil of imported illusion fell from a coil, and she carried a bouquet of white roses and baby's breath.

After the ceremony a reception was held in St. Mary's Umbarger Parish Hall.

The bride is a graduate of Canyon High School. She was formerly employed by Hooper-Holmes Bureau of Amarillo.

The bridegroom graduated from Panhandle High School and is presently engaged in farming west of Panhandle.

## Three Secretaries Honored By NSA

Three Canyon secretaries were named "Secretary of the Day" by Tierra Blanca Chapter of the National Secretaries Association as part of their activities celebrating National Secretaries Week, April 22-29. Each was presented with a red rose.

On Monday Mrs. Wilma Mann, secretary at the Blackwell Agency, was honored. Mrs. Katie Chitwood, secretary in the bookkeeping office of the Canyon Independent School District, was "Secretary of the Day" on Wednesday. Friday's choice for the title was Mrs. Nancy Wilkinson, secretary at Rex Reeves Elementary School. The other two receiving the honor were Hereford secretaries.

Tierra Blanca Chapter chose only non-members for the "Secretary of the Day" distinction.

At the organization's banquet Tuesday evening in Hereford, Mrs. Ethel Lewis, secretary at the First National Bank, was named "Secretary of the Year"

and James T. Hull, general manager of Deaf Smith Electric Cooperative, Inc., in Hereford was named "Boss of the Year."

## WTSU Prof Is Initiated In Society

A West Texas State University professor has been elected to Beta Gamma Sigma, honorary business fraternity at Texas Tech.

Frank Landram, who has received his DBA degree from Tech, was one of 68 students in the College of Business Administration at the Lubbock school to be initiated into the society.

Landram is assistant professor in the School of Business at WTSU.

DOORS OPEN MONDAY MAY 7

By JUNE DAYEN  
ARTIST TENKEI TACHIBANA, who has given his collection of wall screen paintings to "the people of the United States and especially of the State of Texas," will be honored at a public reception this afternoon, 2-4 p.m., in the north art gallery of the Panhandle Plains Museum.

Tachibana, Prince Yosen in private life, arrived by air with his wife, son, daughter and interpreter in Amarillo Thursday morning and was greeted by Dr. and Mrs. James P. Cornette, close personal friends who are more or less trustees for custody and disposal of the paintings.

Thursday night's banquet celebrating the occasion was a colorful affair at which Artist Tachibana and his family warmly greeted guests beforehand.

During dinner I chatted with Mrs. Cornette's charming sister from Nashville, Tenn., Mrs. Mildred Lawson, and also Mr. and Mrs. Rolla Shaller, the curator of exhibits and his wife. Mrs. Lawson had just arrived from a tour of Japan, where she had visited with the gracious Tachibana family in their country home near Mt. Fuji at the height of the blossom season. Mr. Shaller was winding up a long day as he had met the arriving crated exhibits at customs in Dallas early Thursday morning and his day had begun at 3:30 a.m.

WTSU CONCERT BAND and Symphonic Band will perform at 3 p.m. this afternoon in the Fine Arts Theatre. Mr.

Donald Baird will direct the concert band, and Dr. Gary Garner will direct the symphonic band.

The WTSU Chorale and Orchestra will present a concert at 8 p.m. Tuesday evening, May 1, in the Fine Arts Theatre. On that night Dr. Hugh Sanders will direct the chorale and Mr. Michael Matesky will direct the orchestra.

Michael Matesky's father, Ralph Matesky, will be coming to Amarillo from Utah State University next week as one of the judges in the Greater Southwest Music Festival.

MRS. ANN CARLISLE, chairman of University Wives, Etc., Art Interest Group, reports that Dr. Emil Caballero has found it necessary to cancel his demonstration scheduled for May 9, so the women will have a regular meeting at 10 a.m. on that day at Ann's home, 61 Canyon Creek Apts.

BANDS FROM CANYON High School, the junior high and Happy High School will participate in the Greater Southwest Music Festival in Amarillo on Thursday, Friday and Saturday.

## CHS Choir Trip To Begin Wed.

The Canyon High School Choir will leave Wednesday morning via two chartered buses enroute to Galveston where they will take part in the Sea-A-Rama Choir Contest.

The four-day excursion, with performing stops at Wichita Falls and Irving, is the choir's annual trip financed by funds raised throughout the year.

Director Tom Jennings said the 85-member group will be in Wichita Falls Wednesday night where they will present a concert at Midwestern University.

On Thursday night, the CHS Choir will perform at Nimitz High School at Irving before continuing on to Galveston Friday. Their performance at Sea-A-Rama is scheduled for Friday evening with awards to be presented on Saturday.

The Canyon group will include the boy's, the girl's and the mixed choirs, said Jennings.

Sea-A-Rama competition will include about 70 choirs from some 35 schools from Class A and above.

Accompanying the students will be Jennings, Willie McAlpin, B.B. Kendrick, Mrs. L. Nell Hagemeier and Pat Winters. The group will arrive back in Canyon at mid-morning on Sunday.

The CHS Choir, which will be taking part in the Sea-A-Rama Choir Contest in Galveston at the same time, will not participate.

The CJHS band plays Thursday at 10:20 a.m. at Caprock High School. The CHS band performs at 9:40 a.m. on Friday at the Amarillo Civic Center Auditorium, and the Canyon High School Stage Band will perform at 11:50 a.m. on Friday at the Civic Center Coliseum. On Saturday the Happy Band will play at 9:10 a.m. at the Civic Center Auditorium.

WAGS (Writers Association of the Golden Spread) met Wednesday evening in the new home of Mrs. Anita Low on Linda Lane. About 20 people attended, including myself as a visitor. As you know, the group is made up of writers—some published and experienced—and would be writers.

Most of WAGS meetings, presided over by Hope McKenzie of the WTSU English department, are workshops. Members bring their latest works and read them to each other for criticism. Their output is varied and interesting, as is their membership. For instance, on Wednesday night we heard an episode from a series of sea stories set nearly a century ago, a fictionalized account from a hardened newsman's view of incidents at Wounded Knee, short-stories or novel chapters of fictional reminiscences from childhood, and sequences from novels of contemporary life.

I found the group stimulating, open-minded, helpful, and amus-

ing in their comments to one another. Most are quite accomplished. It was all a lot of fun.

TENOR RENE CLEMENTE, a singer-dancer in many West Texas State University musical productions, will be giving his senior recital at 4 p.m. tomorrow afternoon in the Branding Iron Theatre.

Clemente, a student of Royal Brantley, is a member of the WTSU pop-rock group, A New Day, which will tour the Caribbean for the USO next summer. He is a member of several honoraries and has appeared in many WT musical productions, most recently as the puppeteer Jacquot in "Carnival."

He will be assisted by Genie McCause, Vicki McFarlin, Rick Davis, Dennis Richardson, and Steve Hilton.

TWO OTHER WTSU events are scheduled in the near future.

A student concert of chamber music will be presented in the Fine Arts Theatre at 8 p.m. Monday night.

The Annual Drama Awards Night is set for Friday night in the Branding Iron Theatre.

THE MUSICAL "ENCOUNTER," will be presented by the SUB choir of WTSU at a retreat May 4-5 at High Plains Baptist Assembly, west of Canyon. This is being scheduled by the Baptist Student Union. Bill McKinney, professional football player for the Chicago Bears and his wife, Carol, former WTSU cheerleader, will be special guests.

Mrs. Jimmy Marrs, treasurer for the Canyon Federated Council of Women's Clubs, made The Opportunity Plan, Inc., richer by \$400 this week as she handed a check for the proceeds from "Game Night" to "Buff" Morris, director. The money will go to the Canyon Division loan fund for deserving students.

Wayne Pitt, Most Valuable Player in boy's basketball, and Kim Killingsworth, Most Valuable Forward in girl's basketball, were recognized at the All Sports Banquet Friday night.

Lynn Davis, named Most Valuable Guard for girl's basketball, was unable to attend due to being at the regional track meet.

## Students Honored At WTSU By School Of Business

Twenty-five students were cited for outstanding achievement during the past school year at the West Texas State University School of Business awards convocation Wednesday.

The awards were made on the basis of scholastic attainment, character, and participation in extracurricular activities. Dean Eldon Lewis made the presentations.

Kenneth H. Wanamaker, business manager of the Locke Cattle Co. of Miami, Tex., was named the Outstanding Master of Business Administration student.

The Outstanding Bachelor of Business Administration award went to Raymond N. Gant of Dumas. He is married, a graduate assistant in the accounting department, president of the Accounting Club and a member of Alpha Chi, national honor society.

Wanamaker, who attended WTSU on a Diamond Shamrock Corp. scholarship, received his Certified Public Accountant certificate on his first attempt at taking the examinations. CPA officials said it is unusual for this to happen.

Married and the father of a 3-year-old boy, Wanamaker was a graduate assistant in the WTSU accounting department for 1 1/2 years and was a member of Alpha Chi.

Gant also was named recipient of the William Haggard Scholarship granted by the Panhandle Chapter of the Texas Society for Certified Public Accountants. The scholarship is in honor of a longtime accounting department faculty member at WTSU.

Thomas R. Brandon, son of Mr. and Mrs. S.R. Brandon of Borger, received the Alpha Kappa Psi award as the student with the highest grade point average in the School of Business.

Brandon, married, a senior and living in Canyon, has an over-all average of 2.8 on the basis of 3.0. Alpha Kappa Psi is a national professional business fraternity.

Martha Morgan, daughter of Mr. and Mrs. Myron E. Morgan of Hereford, was honored as the woman business student with the highest average, 2.6. She is a senior accounting major. The award was made by Phi Gamma Nu, national business fraternity for women.

Academic area awards went to:

Gary C. Hill, son of Clifford Hill of 4323 Park, Amarillo, elementary economics; Debbie Lee Cazell, daughter of Everett T. Cazell of 201 Forest of Amarillo, economics; Jimmie A. Brown, son of Mr. and Mrs. Lloyd Brown Jr. of Kermit, computer information systems; David Neimast, son of Wesley Neimast of Littlefield, industrial agriculture business; Mrs. Camille Mosley of 1014 Alabama, Amarillo, business education.

Charles E. Colbert of Quanah, business administration; Charles Harwood of Adrian, finance; Delbert L. Stephens of 2614 Ong, Amarillo, real estate; Mrs. Debbie F. Thomsen of Oklahoma City, marketing; Gerald L. Barkley of Houston, management; and Rex Lawson of Floydada, transportation.

Lawson also was named the outstanding graduate student in traffic and transportation management. The award was made by the Amarillo chapter of Delta Nu Alpha, national transportation fraternity.

The Amarillo Traffic Club's \$50 scholarship for outstanding achievement in traffic and transportation management went to Johnny K. Greer, Canyon, junior.

Other special awards were presented:

Michael L. Floyd of 115 Ocala, Borger, Dow Publishing Co.; David L. Holland, son of Mr. and Mrs. Eric O. Holland of 1409 Prairie, Borger; \$250 First National Bank of Canyon award; Cheryl McClenny, daughter of Mr. and Mrs. J.W. McClenny of Perryton, National Business Education Association award of merit; Billy C. Taylor of Canyon, \$250 award of the Panhandle Chapter of the National Association of Purchasing Management; and Mrs. Linda Jennings of 5121 Harvard, Amarillo, Pi Omega Pi outstanding member plaque. Mrs. Jennings is the current president of the WTSU chapter of Pi Omega Pi, national business teacher education honor society.

The American Oil Co. (AMOCO) awarded \$200 scholarships to Steve Kuehler, son of Mr. and Mrs. Pete Kuehler of Panhandle, and Richard Frost of Boston, Mass., who is married and lives in Canyon.

The Atlantic Richfield Co. presented \$100 scholarships to Nora Heffner, daughter of Mr. and Mrs. H.C. Heffner of 4606 Bryan, Amarillo, and Glen Cox of Perryton.

The four scholarship recipients are students in the Department of Computer Information Systems.

## Boy Scouts To Hold Banquet

The Boy Scouts of Troop 31, which numbers 41 members, will meet with parents and friends for a banquet on Monday evening, April 30, at 7 p.m., in the fellowship hall of the First United Methodist Church. The Rev. Leon Hill of Amarillo will be the guest speaker.

A highlight of the evening will be the presentation of the first Oscar Finger Award, an award to be given annually to an individual or group which has helped promote scouting in the community.

About 20 boys of Boy Scout Troop 31 led by Shag Bonds have spent the weekend camping at McBride Canyon on the Canadian River. They left Friday afternoon for three days of hiking and practicing camping skills, accompanied by Sheldon Johnson, Dan McGlassen, and Capt. John Osborne.

## Three Coeds Initiated In Society

Three coeds at West Texas State University have been initiated into Pi Omega Pi, national business teacher education honor society.

They are Kay Elder of Seagraves, Terry Shewbert of Dalhart, both sophomores, and Karen Wright of Plainview, a junior.

Pi Omega Pi was founded in 1923 at Northeast Missouri State College and will observe its 50th anniversary this summer. The Delta Kappa chapter at West Texas State was organized in 1959.

Mrs. Linda Jennings of Amarillo, mother of two children, is president of the WTSU chapter.

## Banquet, Seminar Wednesday For WT Industrial Dept.

Twenty-two firms representing industrial distribution, service, manufacturing and construction will be on the campus of West Texas State University, Wednesday to participate in the annual Industrial Distribution and Technology Seminar and Banquet.

The seminar will begin at 2 p.m. in the Applied Science Building with student interview sessions, a tour of the Industrial Education Department facilities and an informal discussion of curriculum and program goals. The firms represented are located in the Amarillo region, Dallas, Lubbock, Tulsa, and Oklahoma City.

A banquet will be at 7 p.m. in the East Dining Hall on campus. Introductory speeches will be made by Keith Winter, executive director of the Amarillo Board of City Development, and Dr. Jim Kidd, dean, College of Education, WTSU.

W. H. Wood, vice president of Cottingham Bearing Corp. of Dallas will present that firm's grant to the scholarship and development fund of the Industrial Education Department.

Attending the banquet will be the industrial representatives, university administration representatives, Industrial Education Department faculty, and selected junior and senior students from the department.

Also attending will be area representatives of the Industrial Advisory Council, Bill Pyeatt, General Manager of Amarillo Gear and Richard Bittman, owner of Amarillo Service Center.

## Senate Okays Legislation On DA's Pay

The Texas Senate has passed a bill which will raise the state's payment to Randall County for the salary of Dist. Atty. George Dowlen to a level equal to payments made to other Texas counties.

Dowlen said he was informed Thursday by a representative of Sen. Max Sherman that the bill has passed. A similar bill is pending House approval.

The bill, if passed into law, would save the county about \$11,000 per year.

Currently, since Dowlen is classified as a criminal district attorney rather than a constitutional district attorney, the state pays only about \$4,000 of his annual salary. The county pays the remainder.

Under the bill, the state would pay virtually all of Dowlen's annual salary.

Coach Ron Mills of Canyon High School with Steve Williams, named Most Valuable in track during the past season. A most

valuable member of the girl's track team was not named.

Pattie Lovelady and David Fite were named Outstanding Players of the Year for the boy's and girl's tennis teams at Canyon High School during the All Sports Banquet held Friday night.

## School Board Workshop Set Wednesday At WTSU

A regional workshop of the Texas Association of School Boards will be held Wednesday at the West Texas State University Activities Center.

The meeting, scheduled from 1:30 p.m. to 5:30 p.m., is sponsored by the WTSU Department of School Services, Texas Association of School Boards and PESO Education Service Center.

Will Davis of Austin and Richard Hooker of the TASB will discuss the current legislative scene during the general session.

Two sessions of discussion groups are planned from 2:30-3:45 p.m. and 3:55-5:10 p.m.

Dr. W.M. Stoker, chairman of the Department of School Services, will head a discussion on the "Role of the Board Member."

Huey Laycock of Canyon will offer a session on the "Education Service Center." Bob Ashworth, Amarillo superintendent of schools, will discuss the "Board's Role in Assessing Community Needs and Implementing Programs To Meet These Needs."

Other topics are the "Development of Board Policy for Evaluation of Personnel" by Johnny Brumely, Groom; "Year Round School," Wesley Schultz, Amarillo; "Counseling and Career Education," Bob Law, PESO; "School Finance," Frank J. Vollert, Dumas.

Also "Procedures for Developing the Local Budget," Ray Schultz, Canyon; "School Insurance," Cary Magness, Canyon; and "Communications," Roy Hartman, Hereford.

Registration fee is \$25.00 per person. Further information may be obtained from the WTSU Department of School Services.

## Local Student On Honor Roll At Wayland

Mary Ann Lindsey, 1971 graduate of Canyon High School, has been named to the spring Dean's Honor Roll at Wayland Baptist College.

The daughter of Mr. and Mrs. P. E. Lindsey, the coed achieved a 3.71 grade point average this semester.

Seeking a B.A. degree, Miss Lindsey is historian for Theta Alpha Psi, women's social service club, and a member of Student Foundation.

You can sell most anything with a SEEK ad. Call 655-7121.
